•Shipping:	shop	delivery address (from customer)
•Payment	shop, bank	price(from shop), bank(from customer)
•Bank:	payment, customer	price (from payment), bank account(own)

Global CoT Interconnection

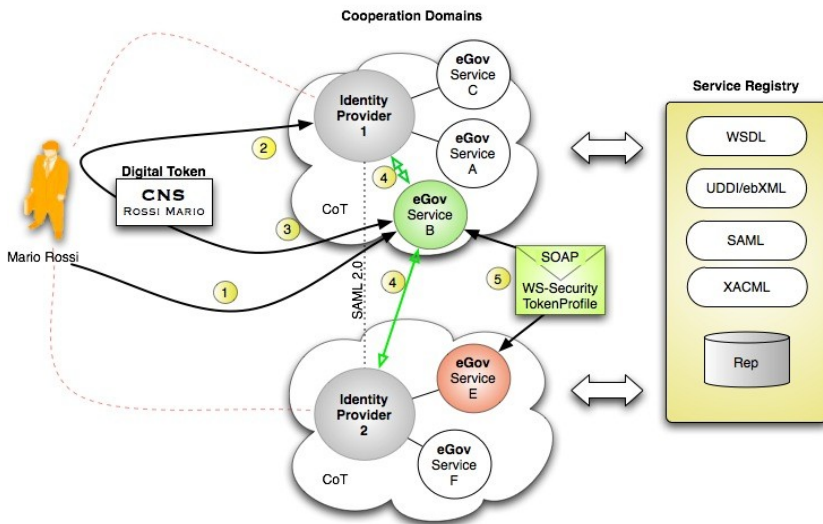

Federation Agreement

- We cannot get an efficient railroad if there is not agreement on the width between rails - and
- We cannot study this problem as an individual rail line issue

Mature and Evolving

Liberty Deployment Guidelines: 401K

Organization	Description	Technology
American Express	Both SSO Intranet (aexp.com) and Internet (American express.com) are Liberty-enabled. Productionalized federations with AEFA. Partner federations with several organizations are underway.	Liberty Federation and Liberty Web Services
